2.35pm

1 v 1 reaction drill

Players 1 and 2 start on the low block with their back to the coach.

When the coach calls out a go, both players pivot and the coach passes to either player.

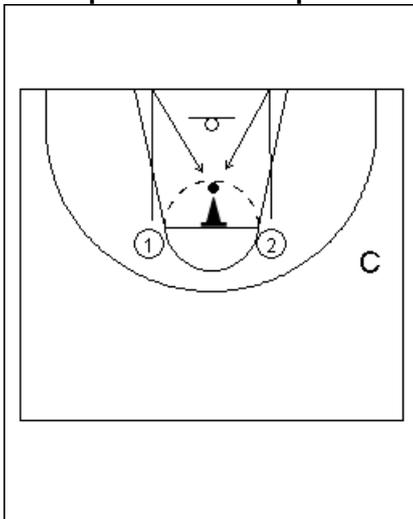

The player who receives the ball attacks the rim hard trying to score.

The other player becomes the defender and scrambles to stop the score without fouling.

The objective is for both players to react quickly to get a score or a defensive stop

2.40pm

1 v 1 Sprint and Post Up

Coach calls "go" and both players sprint, touch the baseline and sprint back. The first player to pick the ball up off the ground is on offence while the other player is on defence.

The offensive player should look to make a post move.

Variation:
Change the position of the ball.

2.45pm

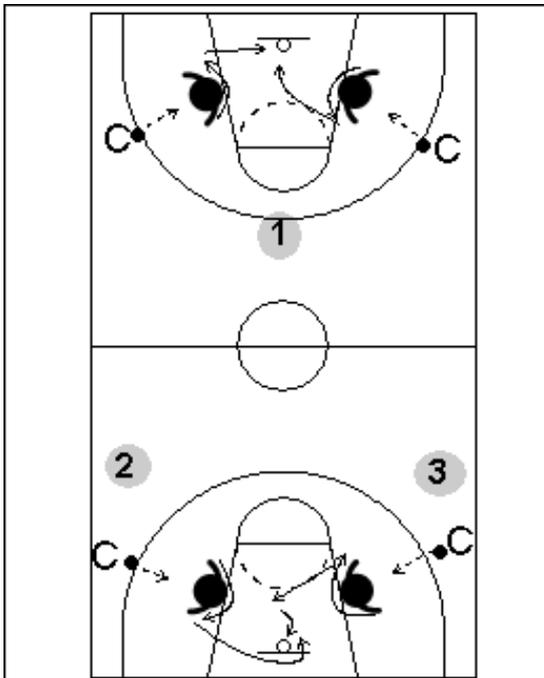

POST PLAY CLINIC

- Every player whether guard or forward to complete
- Post Moves to be shown in clinic style with emphasis on reading the defence and reacting accordingly.
- McHale, Worthy and Drop Step Moves to be shown and then worked on separately
- Back to Basket moves ball below foul line
- Back to Baseline moves above foul line

Points of Emphasis:

- Sealing Technique
- Slash Arm
- Up and Under
- Catch Fakes
- Reverse Spin
- Lever / Weight Shifts
- Spin hard at basket
- If defender beats to split line Spin
- If defender does not beat to split line baby hook

McHale Moves

Coach passes the ball into the post player who posts low, wide & strong. The post player makes a hard rip through step (which is a drop step either to the base or middle) to face the basket.

When this step is made it is important that the ball is kept high and ripped through hard to protect it from defence. You can add a shot fake to help draw the defence then drive. Jab steps, crossovers & quick rip'n'drive steps can be used.

Methods:

Rip through pivot, shoot.

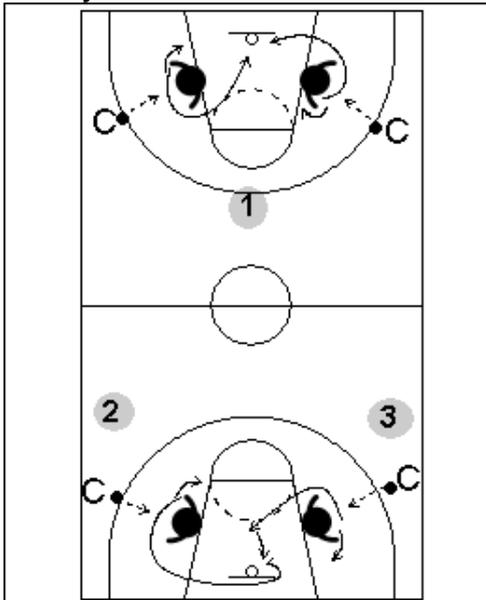

eg 1. Rip through pivot and lay-up.

eg 2. Rip through pivot, drive under basket for reverse lay-up.

eg 3. Rip through pivot, drive to a 2 foot jump stop and make a counter move. Hook shots, step throughs & reverse pivot lay-ups are good counter move examples.

Play 1 on 1 when coach satisfied with action

Worthy Moves

Coach passes the ball into the post player who is posting low wide & strong

The post player makes a hard head and shoulder fake either to the base or middle. The post player then wheels around on the pivot foot opposite to the direction of their fake to look for the shot or drive to the basket trying to get fingers to rim or as high as possible.

Methods:

Fake, pivot, shoot.

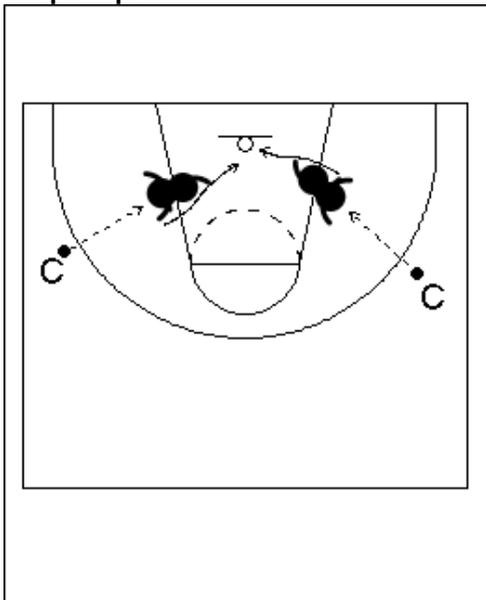

eg 1. Fake, pivot and lay-up.

eg 2. Fake, pivot, drive under basket for reverse lay-up.

eg 3. Fake, drive to a 2 foot jump stop and make a move. Hook shots, step throughs & reverse pivot lay-ups are good counter move examples.

Play 1 on 1 when coach satisfied with action.

Drop Steps

Coach passes the ball into the post player who posts low, wide & strong. The post player makes a hard drop step (base or middle) to the basket & powers up strong to score.

Make sure the offence makes a quick, long powerful sliding step to the basket keeping the defence on their back.

Methods:

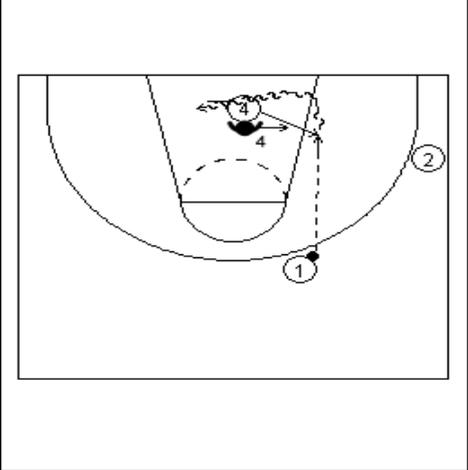

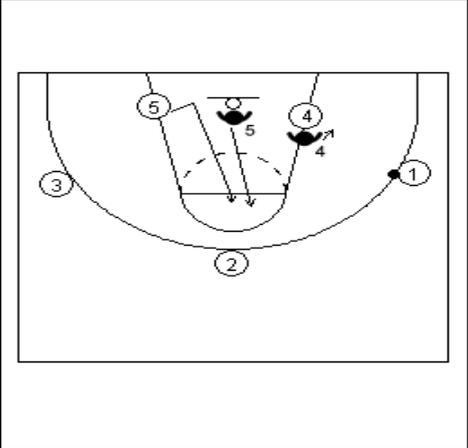

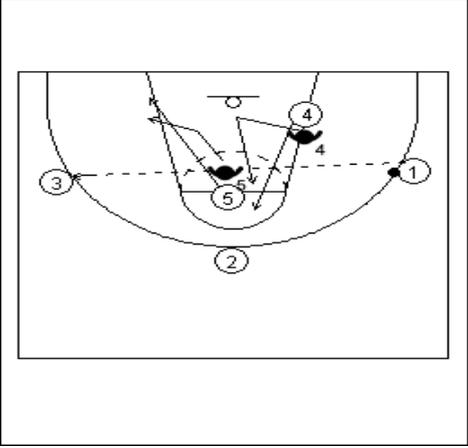

1. The drop step can be a quick, long drop step and power up off the one leg.

2. It can also be executed as a quick, long drop step with a low quick power dribble to a 2 foot jump stop into a shot or counter move.

Hook shots, step throughs & reverse pivot moves are good examples of counter moves.

Play 1 on 1 when coach is satisfied with action.

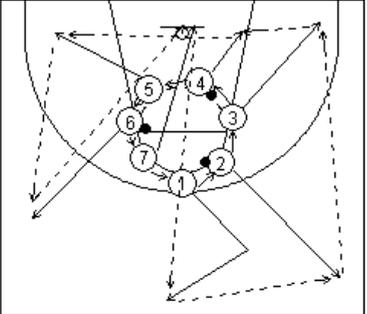

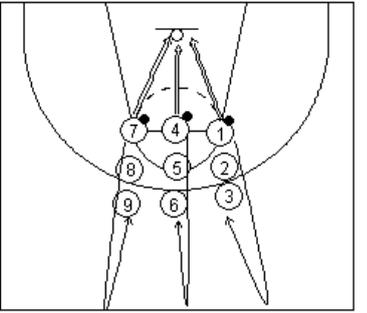

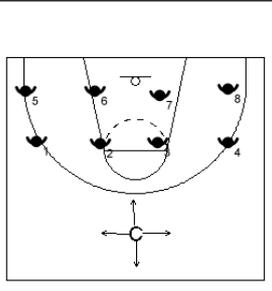

*Note; Diagram shows 1 player on each side showing the action of the drop step, sealing & drive.

DOWN

4 sets the down screen for 2 who leads up high.

DOWN

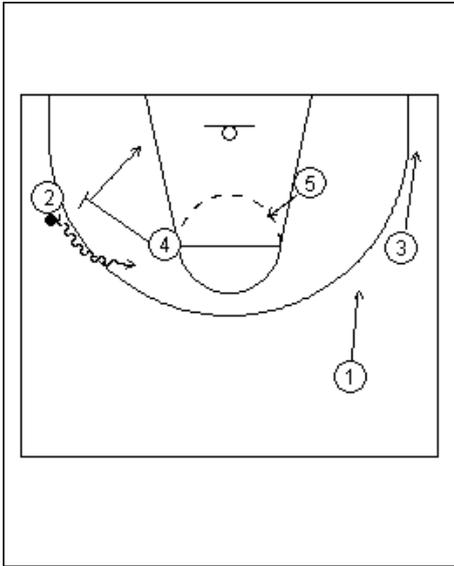

After the down screen, 4 leads up to the weak side elbow to receive the pass from 1

DOWN

2 cuts off for the hand-off or back door pass

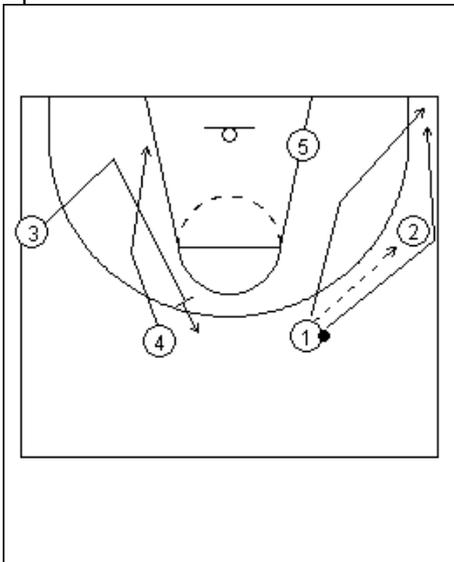

2 looks to drive or dribble to the wing.

DOWN

4 comes back to set an On-Ball Screen

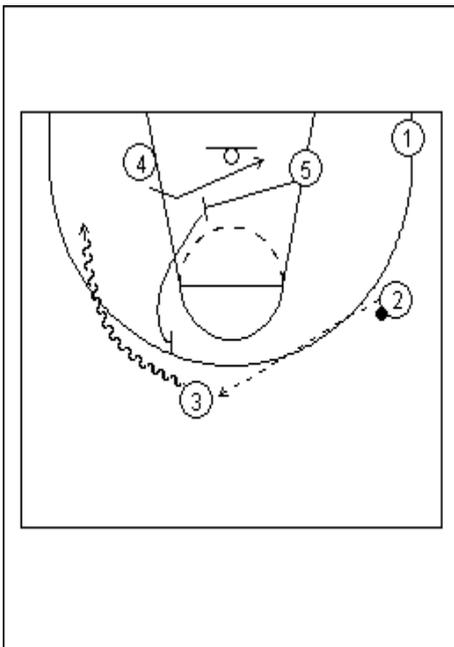

Up

'Up'

1 passes to 2 and cuts to the strong side corner

This time an Up Screen is set on the weak side

'Up'

5 screens away for 4 then flashes high for ball or to set an On-Ball for 3

3 meets the ball from 2 and looks to use the On-Ball

5 and 4 continue and use a high – low action

3.00pm Head Coach to teach 3 v 0 action – “Alford Series”

- Spacing & Pass, cut & replace action
- Ball reversal
- Dribble entry options
- Penetration of the ball into the key
- Receivers’ rules

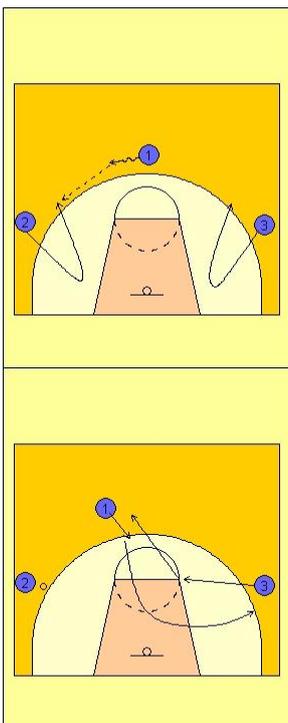

3.05pm 3 v 0 action – “Alford Series”

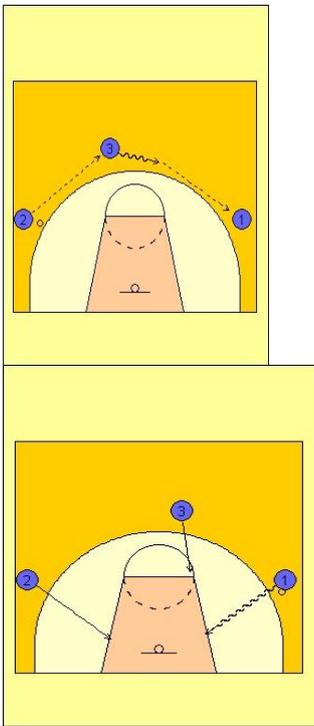

Emphasis on hard cuts and all cuts finish at 3 point line

- Start drill at ½ court, have wings run in and execute forward lead
- Use dribble entry for back door cuts only to create a pass or penetrate for receiver rules
- Score off penetration on ball reversal – lay-up or pass to receiver for shot

3.10pm 3 v 3 Alford Series

- Start at mid-court and flow into it
- Ball must be reversed prior to a shot
- Emphasis on hard cuts & passing to the advantage of the cutter
- Encourage rebounding effort and boxing out
- Defensive emphasis on containment and jumping to the ball & bump the cutter (No inside cuts).

3 on 3 - Down & Cross Screens

- V cuts, Screen Angles, Timing, Hard cuts
- Screener goes opposite cutter
- Help Defence jump to ball no face cuts
- Bump cutter & recover
- Lock & trail cutter & recover to bum on basket

Titan Drill

- Base footwork - Shot preparation – “hips down, hands up”
- “Lift, lock and snap” arm action, appropriate arc.
